Summary of Information

Information on file at this headquarters reveals that Dr. Oscar EICHNER, born 20 August 1898 at GILGENBURG, was arrested by US Forces in October 1945 at ROSENHOFEN, for being an Untersturmfuhrer in the Allgemeine SS from 1933 to 1938, a rank which fell into the automatic arrest category as per CI directive 12th AG April 1943. (S-2) SUBJECT admitted to HIS position in the SS, but claimed that since 1938, HE was active in Nazi opposition (Communist Party). (P-5) In 1938, SUBJECT was appointed Full Professor of Pharmacology at BRISLAU without ever having been Associate Professor. Since this promotion was received shortly after the Nazi's came to power, it was indicated that HE owed HIS appointment to political motives rather than scientific accomplishments. It was further indicated that SUBJECT seemed to show marked sympathy towards the Nazi regime, but since HE received no further promotions, SUBJECT's exact political attitude was questionable. (Unvaluated) Additional information indicates that in November 1952, SUBJECT, residing at Chirurgische Klinik der University of HEIDELBERG, corresponded with a former JUA list personality. (S-2) Available records disclose no further pertinent information.
